

Cleans and preserves the original finish of the floor without smears

No need to rinse

Suitable on oiled and lacquered wood floors

Also suitable on melamine, PVC and laminated floors

Ideal for frequent cleaning

Non-slip

Lagoon®

PRODUCT DESCRIPTION

- BLANCHON LAGOON® allows you to clean most wood floors, especially lacquered and oiled floors, pre-finished floating floors, etc.
- LAGOON® is also suitable for use on melamine, PVC and laminated floors.
- Recommended for frequent cleaning, LAGOON® cleans effectively and preserves the original finish of the floor.
- LAGOON® is enriched with newly developed detergents, and therefore does not require rinsing, leaving the floor spotless.
- NB: LAGOON® should not be used on waxed wood floors.

SURFACE PREPARATION

- If necessary, remove dust from the floor (vacuum cleaner, broom).
- Shake the container well before use.

DIRECTIONS FOR USE

- Spray LAGOON® onto a small area and wipe off using a micro-fibre mop or a floor cloth. Always use clean equipment, dampened but not dripping in order not to wet the floor too much.
- Repeat the procedure for the rest of the room.
- NB: it is also possible to spray LAGOON® onto the micro-fibre mop itself. In that case, re-impregnate regularly.
- If necessary, the micro-fibre cloth can be washed in a washing machine.
- No need to rinse. Allow to dry.
- NB: to restore dull lacquered floors, use BLANCHON PROTECTOR (for satin or gloss finishes) on a regular basis. This product is perfectly compatible with LAGOON®.

DRYING TIMES

- Drying: 10 minutes.
- Return to use: as soon as the floor is dry.

COVERAGE

- Approx. 200 m² for 1/2 litre.

Blanchon

TECHNICAL DATA

USE	Maintenance of lacquered wood floors
ACTIVE INGREDIENT	Surfactants, silicone free
AFNOR CLASSIFICATION	N/A
DENSITY	1.00 (at 20°C, as per NF T 30020)
