

Start
with wood,
finish with
Blanchon

lagoon®

Easy cleaner
for wood floors!

Blanchon

Child's play to use

- > No more headaches! Lagoon® works on most floors*: get rid of the piles of cleaning bottles
- > Say goodbye to confusing dilution ratios and measuring caps: Lagoon® is ready to use!
- > No need to rinse: walk back on your spotless clean floor within a few minutes!

Professional result

- > Lagoon® cleans deeply without leaving any residue or trace.
- > Lagoon® protects and enhances the original finish of the wood floor.
- > Lagoon® is slip resistant.

Advanced technology available to everyone

Lagoon® is the result of Blanchon's two focuses: to **develop high performance products for professionals and to make them available for everyone to enjoy.**

The new **Lagoon®** cleaning spray is the best friend for routine cleaning of wood floors, especially:

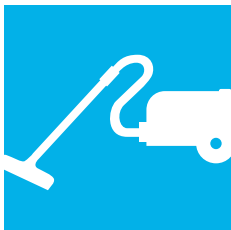

- > **Varnished wood floors.**
- > **Oiled wood floors.**
- > **UV-lacquered or UV-oiled** wood floors, etc.

Lagoon can also be used on laminate or melamine floors, plastic floors, vinyls, etc.

*only waxed wood floors need special treatment

INSTRUCTIONS FOR USE

Vacuum the floor first if required.

Spray **Lagoon®** onto the floor.

Wipe off with **Blanchon micro-fiber mop** (or a sponge mop, a floor cloth, etc.).

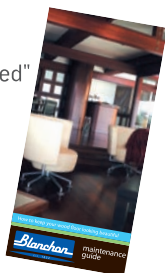

The **Lagoon®** can also be sprayed directly onto the micro-fiber mop.

The premises can be used again after Lagoon has dried – around 5 minutes.

For heavy traffic floors, or to renovate easily a "tired" floor varnish, refer to **Métamat®** and **Protector** instructions for use detailed in Blanchon Maintenance Guide.

For more information about **Blanchon** products and maintenance regimes for your floors, please contact your specialist.

The **Lagoon**® kit includes:

- 500mL **Lagoon**® spray
- 3-piece pole + 1 mop head
- washable micro-fiber mop

Respect
for people and
the environment

**A label reflecting
our values**
Human Beings
and Trees are
integral parts of
Nature. This
powerful idea is
strongly rooted
within our
company and it
fully expresses the
uniqueness of our
approach.

As part of its commitment to respecting both people and the environment, Blanchon has chosen to print that document on 100% recycled, and ecologically labelled paper, by an Imprim'Vert certified printer.
